Changing Water Cycle

Announcement of Opportunity **South Asia call**

Closing date: 16:00 GMT on 3 September 2010

The Ministry of Earth Sciences (MoES), India, in collaboration with the Natural Environment Research Council (NERC), UK, jointly invite outline bid proposals for research on the changing water cycle in South Asia.

For MoES this activity forms part of its program on capacity building and research and development in Earth sciences.

For NERC this activity forms the second phase of its Changing Water Cycle program. This is a five-year, £10m research program that directly relates to the delivery of NERC strategy (in particular the climate system, sustainable use of natural resources and natural hazards science themes) and UK Government's strategic goals with respect to adaptation to, and mitigation of, climate change.

Proposals are sought for collaborations between UK and Indian researchers.

The closing date for proposals is **16:00 GMT on 3 September 2010**.

Please see the Announcement of Opportunity document below for full details.
