

F.No.MoES/18/03/2016-Estt  
Ministry of Earth Sciences  
Establishment Section

The Ministry had advertised the post of Scientist C and Scientist D. As per advertisement in the Employment News vide. MoES/18/03/2016-Estt., dated 9-15 July, 2016 one post each of Scientist C(Atmospheric Science, Ocean Sciences) and one post each of Scientist D (Ocean Technology, Geosciences/Geophysics, Polar Sciences/Cryosphere and Reach out –Mass Communication) is to be filled. In response to the above advertisement more than 550 applications for the post of Scientist C and more than 250 applications for the post of Scientist D were received. On preliminary scrutiny of application it was found that most of the applicants have not specified the discipline in which they want to consider their candidature.

2. Since, Ministry had advertised for more than one discipline in Scientist C and Scientist D and the eligibility criteria, qualifications were common for some of the discipline. In order to avoid any disability/disadvantage to applicant, it has been decided to re-advertise the post. An advertisement in this regard calling fresh application will be published in National Daily and Employment News Shortly.

3. This issues with the approval of Competent Authority.

(R. K. B Patel)

Deputy Secretary to the Govt. of India
