

MoES-UKRI COP26 Partnership Event on Adaptation and Resilience

Building on the long-standing India-UK partnership in climate change research, Ministry of Earth Sciences, Government of India and UK Research and Innovation will host an online event on **Wednesday 29th September 2021**. This event will foster open dialogues between key stakeholders and showcase research that is collaborative, locally led, globally relevant and aligned to the COP26 adaptation and resilience theme. Further details and how to register will be added to this webpage shortly.
